Thank you for your interest in the Bryan Area Foundation (Foundation). The following information will assist you in determining whether to apply to the Foundation for funding and explain how to proceed if you are eligible to do so. Please review these materials carefully.

**ELIGIBILITY FOR FUNDING**

The Bryan Area Foundation makes grants to tax-exempt 501(c)(3) organizations operating or proposing to operate programs that benefit Williams County residents. While the Foundation would like to support all the important work that is carried out by Williams County's nonprofit organizations, its financial resources are limited. Therefore, decisions about funding projects that are submitted by grant applicants will be made with the following guidelines in mind:

---

**The Bryan Area Foundation has a preference for proposals that:**

- Develop innovative, creative, and practical solutions to both current and emerging community needs
- Create programs that enhance the quality of life for a substantial number of people
- Encourage volunteerism, civic and community involvement
- Facilitate compassion, efficiency and responsibility in the distribution of social services to the community
- Deal with the prevention and/or the remediation of problems
- Support projects that create a long-term physical community resource
- Demonstrate that the funds will be well-managed and effectively expended and that the project will become self-supporting when grant dollars end
- Play a role in assuring mutuality of interest, efficiency and the elimination of duplication of services
- Utilize matching grants

**The Bryan Area Foundation normally does not fund:**

- Operating expenses, including salaries, utilities, and annual campaigns
- Projects that promote any specific religion or beliefs
- Budget deficits or debt reduction
- Lobbying and/or political activity
- Endowment funds
- Capital improvements to buildings and property not owned by the organization or covered by a long-term lease
- Work or projects that are already underway or have been completed
- Grants to organizations that have received a BAF grant for the same or a similar project in the last 12 months

The Foundation believes that federal, state and local governments have the resources and the *primary* responsibility for advancing issues involving healthcare, education, economic development and infrastructure.
HOW TO APPLY

Completed typewritten application forms should be delivered to the Foundation’s office at 110 S. Walnut Street, Bryan, OH 43506. The Foundation’s mailing address is PO Box 651, Bryan, OH 43506. Applications cannot be submitted online.

Applications that do not contain all of the requested information may not be considered. If information requested is not available an explanation is required.

In addition, Foundation board members may contact you to arrange a conference to discuss the application. This may be in the form of a site visit, telephone conversation, or a meeting. All proposals will be reviewed by Foundation staff for completeness and to assure that they fit within the Foundation's general guidelines. If, upon review, the application is considered incomplete for any reason, the application will not meet the submission requirements until the application is considered complete by the Foundation. Deadline extensions will not be granted so please submit a grant application well in advance of the deadline.

Once a grant is received, the Foundation requires that the funds be expended within 12 months from the award date. Failure to use funds for the purpose designated will result in obligation to repay grant money. If it appears implementation of the project or program will be delayed, the grant recipient must submit a written explanation that contains a request to encumber the funds for the following calendar/fiscal year. The Foundation’s Board of Trustees will determine if the funds may be held over or if the applicant must reapply in a subsequent grant cycle. A Final Grant Report request will be mailed to the grant recipient at the end of the funded project to assess the success and the effectiveness of the use of the grant funds.  

PROPOSAL REQUIREMENTS

If the deadline date falls on a weekend or holiday, the deadline for applications will be the first workday **PRIOR** to the deadline (e.g. Friday, if the deadline falls on a weekend).

The Bryan Area Foundation reserves the right to revoke any grant if the implemented project does not comply with our guidelines or fails to reflect the application that was submitted.
Preparing a Grant Proposal for the Bryan Area Foundation

General

- **Download and read grant guidelines and instructions.**
- **Contact the Foundation.** It is required that all applicants schedule a meeting with the Bryan Area Foundation President/CEO at least 30 days in advance of the grant deadline.
- **Read instructions carefully.** Be sure to include all requested information. Grant committee members note your ability/inability to follow directions.
- **Submit correct number of copies.** The instructions ask for 1 original and 10 copies of the proposal, so be sure to submit 11 copies. The Foundation asks for a specific number of copies based on the number of committee members.

Content

- **Applications should be brief and to the point.** Avoid using technical or professional jargon that might be unfamiliar to committee members.
- **State/summarize proposed project immediately.** Do not require the grant committee members to read several paragraphs (or worse, pages) before you state the purpose of the grant proposal.
- **Demonstrate that you have the support of others.** Include other foundations, corporations, and individuals who have already donated or will be working with you to make the project successful.

Financial Information

- **Fill out all financial information in the application.** This is a specific format required of all applicants. If a line item does not apply to your organization, then write N/A.
- **Include your organization’s most recently completed financial statements.**
- **Attach detailed project estimates or bids.** The grant committee needs to know how you determined the project cost. Please attach professional estimates or quotes. These documents demonstrate that you have done your homework and have an accurate sense of what the project will cost.
- **Ask for a specific amount in your request.**
- **Ask for the right amount.** Determine the average range of gifts the Foundation has made in the past. Research the amount specific to your type of request. Grant information can be found at www.bryanareafoundation.org.

Attachments

- **Acknowledge missing information.** If you do not submit one of the requested attachments, state why you have not included the information. The grant committee requests all information for a reason.
- **Label all attachments.** Attachments should be easy to identify. It is also helpful to arrange attachments in the order addressed in the application.

Presentation

- **Submit a reader-friendly proposal.** Committee members must read numerous grant proposals, so keep font size reasonable (10 to 12 point). Other ways to make your proposal reader-friendly include:
  1. Do not use all uppercase letters
  2. Use paragraph format
  3. Use a font that is easy to read (Times New Roman, Universe, Arial).
- **Staple each copy of the proposal.** If the proposal is too thick to staple, use binder clips.
- **DO NOT** put copies of the proposal in folders, binders or report covers. Foundation staff will remove any folders, or covers etc. and discard them.

Finally

- **Ask questions.** It is better to call the Foundation (419-633-1156) with questions than to submit inadequate or incorrect information. Foundation staff is available to answer questions you may have regarding the grant process.
