

Engaging Women of All Generations in the Power of Philanthropy

POWER in the PURSE

WOMEN'S GIVING CIRCLE

PRESENTATION TIPS

-  **Begin** with an attention-grabbing statement! Start with a fact or highlight something of interest to capture their attention. An example would be: “25% of children go hungry every night”.
-  **State** your name and the name of the organization you are presenting. Share your involvement with the organization; for example, are you a board member or volunteer? Why does this organization matter to you?
-  **Share** the mission of the organization and its purpose. Provide some background information on the services they provide, how long they have existed, their annual budget or how are they funded.
-  **Describe** the needs of the organization and what specific program/project these funds will be used to support. Personal stories help to connect the need of the organization and show how essential this charity is to our community.
-  **Identify** the impact that this funding will have on the organization and their mission. Include who or how many people will be affected and specifics on how the money will be used. Also mention how success will be measured.
-  **Emphasize** the need for this program/project, and end with a heartfelt thank you. Even if your nominee is not chosen, keep in mind that you have highlighted your charity to an audience of women who are committed to the needs of the community.
